Step 1

Dashboards

- Super Admin
- Client Admin

Client Admin

Left Slide bar

1. Dashboard (All Income updates/ Sold Tickets counts of each events/etc)
2. Events (All events, + ADD EVENT button, Status, Edit, View Details)
 - a. ADD EVENT (**Should Be a pop up page with steps(forms).**)
 - i. Event details (Even images, Descriptions too, Optional Scheduling date)
 - ii. ADD Tickets (Image of ticket, Name, Category, Price (Optional early bird tick, If selected, **ASK PRICE DIFFERENCE OR NEW PRICE AND EARLY BIRD EXPIARY DATE**), Max ticket limits, No of persons should include to each ticket, QR or TICKET numbering selection)
 - iii. Terms & Conditions with agree tick, Next button
 - iv. Optional paid promotions, URL to public share, and submit button.
 - b. Status (Under review, Published, Correction requirements)
 - c. Edit (This is not allowed when accepted from super admin and published events)
 - d. Details (Revenue, Sold qty of each ticket, Insights, Promotion results)
 - i. **This is a pop up tab opens when click on the event's EYE or Details icon**
3. Withdrawals (Withdrawal amount, History, Filter for each event revenue, Withdraw button)

Withdrawal amount is equal to the amount shown in dashboard. When WITHDRAW button clicks, It should ask amount should be withdrawn and select the account with POP UP tab. If withdraw amount higher than withdrawal amount or lesser than minimum withdrawal amount, Don't submit and warn them to change amount. If they alright, Automatically deduct from withdrawal amount and, Show the withdrawal status as **UNDER REVIEW**. Then, that request goes to super admin, and I will check the review and accept it. (Then status should be **withdrawal successful**) I will check account details and, Deposit or transfer money to their account manually, And the upload slip and complete the withdrawal (then status should be **WITHDRAWAL SUCCESSFUL**). After that, It's status. Then, If client admin clicked on RECEIPT icon of withdrawal in history, He can see the receipt I uploaded relevant their transaction.
